

- Protective Computer & Printer Enclosures

- Rack Enclosure with patented t bracket
- Customizing Enclosures to Your Production Environment

- Replacement Filters

- Workmanship Guarantee

Tower CPU Enclosure DS191
\$499

On Sale \$399
Min order 3

- O.D: 11.75"W x 24"D x 23.25"H
- 2 piece plastic and Metal enclosure
 - sliding removable air filter

Desktop CPU DS 150
\$395

On Sale \$295
Min order 5

- O.D. 26"w x 21"d x 7.5"h
- 2 piece plastic and metal
 - Slidingly removable air filter

Dual Tower CPU DS 850T
\$840

On Sale \$740
Min Order 2

- O.D. 33"w x 24"d x 24.75"h
- 2 piece design
 - Slidingly removable Filter

Monitor & Tower CPU DS801T \$510

On sale \$410

- Min order 2
O.D. 23.25" w X 23.75"d x 26"h
- 2 piece design
 - Slidingly removable filter

Monitor & Desktop CPU DS801 \$610

On sale \$510

- Min order 2
O.D. 23.25" w X 23.75"d x 26"h
- 2 piece design
 - Slidingly removable filter

Monitor, Tower CPU & Keyboard DS850 \$840

On Sale \$740

- Min order 2
O.D. 33"w x 24"d x 24.75"h
- 2 piece design
 - Slidingly removable Filter

Monitor, Desktop CPU & Keyboard

DS801 \$610

On sale \$510

- Min order 2
O.D. 23.25" w X 23.75"d x 26"h
- 2 piece design
 - Slidingly removable filter

Monitor, Desktop CPU, Keyboard & Label Printer DS850T \$840

- O.D. 23.25" w X 23.75"d x 26"h
- 2 piece design
 - Slidingly removable filter

Monitor, Keyboard & Label Printer

DS801 \$610

On sale \$510

- Min order 2
O.D. 23.25" w X 23.75"d x 26"h
- 2 piece design
 - Slidingly removable filter

LCD Monitor & Keyboard
 DS825F \$645
On sale \$545
 Min order 2
 O.D. 23.25" w X 12"d x 30.375"h
 • 2 piece design
 Slidingly removable filter

Monitor & Keyboard
 DS825 \$620
On sale \$520
 Min order 2
 O.D. 21.35" w X 23.75"d x 24.75"h
 • 2 piece design
 Slidingly removable filter

LCD Monitor
 DS802F \$405
On sale \$310
 Min order 5
 O.D. 21" w X 8"d x 24"h
 • 2 piece design
 Slidingly removable filter

Monitor
 DS802 \$450
On sale \$350
 Min order 4
 O.D. 24" w X 20"d x 19"h
 • 2 piece design
 Slidingly removable filter

Paper Printer
 DS314 \$650
On sale \$550
 Min order 2
 L + W + H = 46" to 55"
 • 2 piece design
 Slidingly removable filter

Label Printer
 DS321 \$650
On sale \$550
 Min order 2
 L + W + H = 46" to 55"
 • 2 piece design
 Slidingly removable filter

Aussie Laptop Enclosure
 DS100L \$410
On sale \$310
 Min order 5
 15" to 18" Laptop
 • 2 piece design
 Slidingly removable filter

Valley Plastics TM Computer & Printer Enclosures

prevent the dust, oil, and other abrasive airborne contaminants found in the workplace from damaging computers and related equipment.

Satisfaction Guarantee

Valley Plastic Company Incorporated is the parent firm for Thompson Plastic And Chemical Company and was established in 1978. With over 32 years of excellent service has earned us over 100,000 dedicated and satisfied customers ranging from just about every major retail department store chains, and the Fashion Designers who are often key decision makers as to what plastic displays will be used, government contracts, automotive components, and precision engineered plastics. As a result the Industrial market for the PC Computer covers fits well with our business traditions and experience as often it is really just production capabilities that determine the sell price on a good like the Protective Computer dust covers.

The Valley Plastic Tm PC enclosure is a durable good because the primary core of the case is fabricated from sheet metal. The back, front, and bottom piece (making it a 2 piece design) are plastic sheet that is first CNC precision saw cut. (ABS grey or black for the walls, Plexiglas or LEXAN for the windows). Then those pieces are CNC routed. Third when all the parts are cut they are assembled. Valley Plastic TM Protective Computer enclosure systems and enclosures are manufactured by Thompson Plastic and Chemical Company the bearer of the trademarks.

Warning: Our attractive sales models may or may not be actual employees of Thompson Plastics. However, they certainly are representative of what Plexiglas Plastic Products means- beauty and prosperity. I know a lot of you are beginning the process of online marketing so believe me Face book certainly cannot take any credit for it. Business credibility is similar to a patent innovation the story of how you got here is just more important than money. Valley Plastics Company was founded by David G. Thompson in 1978. We look forward to giving you a pricing discount because we have the production capabilities to make this possible for individuals like you who have taken the initiative to do your research on the high computer failure rates and costly downtime your firm may be experiencing which adds up when you have 4 plants with 25 total servers and label printers in dusty environments. The recent investment in additional CNC equipment at Valley Plastics Company Incorporated made it possible for the Parent firm to gain considerable labor savings passing along the savings to you through Thompson Plastics. (see financial report for Valley Plastics Company incorporated) Thompson Plastic And Chemical Company offers a competitive price on these Protective Computer covers for your firm. The Price you pay us is between manufacturer's price and wholesale price for comparative goods. It can be a winner for you in more ways than one. The competition offers a plastic dustproof enclosure and we offer a durable good composite design at a considerably lower price. The benefit is here today because Thompson Plastic And Chemical recently acquired the rights to manufacture and sell under the protection afforded us from **Patent number: 5163870 Filing date: Sep 18, 1991 Issue date: Nov 17, 1992 Inventor: Dean C. Cooper Assignees: Systems Alternatives, Inc.** Our main plastics fabricator worked closely with Dean Cooper on that patent. Today the Nema 12 protective PC dust cover market is a more mature market. This gives everyone an upside potential both buyer and manufacturer with lower prices.

We encourage you to use the coupons to save additional costs when buying in volume. We have been fortunate to be involved with the plastic manufacturing business for over 32 years. We can confidently say that if you can abide by our terms and conditions we will be here in the future to keep your production-critical shop computers protected from dust with this one of many Plexiglas plastic products we manufacture.
